

High Gloss Custom Door & Drawer Fronts

New Pricing / New Colors

Update Nov 2017

LUXE is an advanced decorative panel with a high gloss finish on one face, while the back is a matching decorative matte melamine in the same design.

- 3/4" MDF Core
- High Gloss Polyester Front / Matte Back
- Two Edgebanding options (solid and bi-color)
- Separate edgebanding & boards available

This product is more durable than alternative products; highlighting its scratch-resistance, surface quality, high brightness as well as light stability towards colors.

These qualities make it well suited for vertical applications in kitchen, bathroom, office and home furniture.

The LUXE manufacturing process allows solid colors plus a wide range of designs, such as wood, marble, stone, fantasy etc. This makes LUXE a highly versatile and decorative product.

Can be supplied in panels or in edged pieces. For this last option, LIOHER has PUR technology in order to offer its product the finish according to its quality.

This new surface is characterized by increased resistance to scratching, abrasion, wet and dry heat, and superb performance and resistance to common cleaning products, compared with similar products on the market. Zenit is sold on board and finished door for what Alvic Tech uses laser technology, thus enabling a better finish and durability.

This range is available in two finishes, Supermatt and MetalDecó, recommended both for vertical applications in furniture and decoration projects of interiors. Beauty is not always delicate. Meet the toughest Supermatt.
