Update Oct 2017

Silentia Plus Hinges : New Soft Close Technology

- Silicone oil dampers integrated in the hinge cup allow a perfect and constant closing of the door in any condition, use and application.
- Silentia+ is also equipped with the innovative Switch to delay the decelerating action. The activation of this switch allows the ideal decelerating strength, even with special doors.
- Range, kinematics and adjustments remain unchanged and ensure once again that Salice is the most comprehensive offer available on the market.
- Silentia+ does not require any new mounting plates.

Drop Ship Program

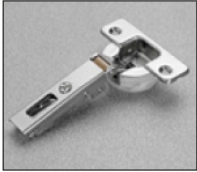

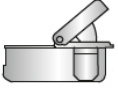

for Oct - Nov

The following program is aimed specifically at recovering shops lost to Blum. You may also use this program to convert Blum customers that want to try the Silentia+.

- Drop ship orders from Salice warehouse directly to the customer
- Minimum order 300 pcs (no broken boxes)
- Broken box fee waived on first order
- Sample up to 10 pcs per customer
- \$5 drop ship fee waived
- **Prepaid freight on all orders**
