MACK WALLBEDS

The MACK EUROBED™ is a fully adjustable progressive tensioning bed mechanism. Commercial quality. Frames are shipped fully assembled so minimal shop time is required. Easy to install - all installation hardware is included.

All frames are shipped with a fine quality innerspring mattress designed to meet weight specifications of the bed frame, mattress & bedface when installed. Mattress rests on steam-bent, laminated birch slats. The slats offer more support than a box spring and are just as comfortable. You can leave your sheets, blankets and pillows on the bed when you close it.

Sizes available: Twin, Twin X-long, Full, Full X-long and Queen.

Frame colors available: Black (BL), White (WH), Almond (AL), and Terra Cotta (TC). All with matching vinyl pillow pad.

(Cabinetry not included)
